2 members of the Friends Seminary community to be nominated by the Friends Seminary School Committee;

**Mike McCarthy, David Moody**

The School Committee sent this note along with their nominations:

**Mike McCarthy** is a parent who served on the SC for nine years, was clerk of Finance and Investment, participated in the long range planning committees convened during his service, including the facilities assessment, and worked with Trustees and the Quarter on financing the purchase and renovation of the Masonic Temple and the recent renovations at the school. Several members of the Quarter have spoken to me of their appreciation for the work he did.

**David Moody** is a parent and a corporate lawyer who currently serves on our Investment Committee and has been of tremendous help to the SC as it has begun thinking about incorporation.

The SC was concerned that our nominees bring important skills and experience to the committee and that they be people who will feel it is their responsibility to work WITH the other members of the committee toward an incorporation of the school under terms that will support the three institutions involved - the Quarter, Fifteenth St. and the school. The SC is enormously grateful to them for agreeing to participate in this important work and confident that the Quarter and Fifteenth St. will feel very comfortable working with them
